

# Our commitment to equality

We are committed to making Metsä Wood an inclusive place to work

While Metsä Wood UK's **Gender Pay Gap** compares favourably with that of organisations both across the whole UK economy and within our sector, this is not a subject about which Metsä Wood UK is complacent, and it is committed to doing everything that it can to reduce the gap.

We continue to look at where we can improve our practices and policies, and would welcome suggestions and feedback from our employees. Not one initiative alone will, of itself, remove the gender pay gap - and it may be several years before a positive change is seen. However in the meantime, Metsä Wood UK is committed to reporting on an annual basis on what it is doing to reduce the Gender Pay Gap and the progress that it is making.
